|            | 1.4 When people<br>use NHS Services<br>their safety is<br>prioritised and they<br>are free from<br>mistakes,<br>mistreatment and<br>abuse.  | • | Review our approach to investigating serious incidents and unexpected deaths.   | <ul> <li>The serious incident process has undergone a full review:</li> <li>A cohort of investigators have received RCA training</li> <li>The RCA template has been changed to reflect national standards.</li> <li>The serious incident review group has been realigned to ensure a timely overview of serious incidents.</li> <li>All unexpected deaths are reviewed and investigated or reviewed depending on cause.</li> </ul> | November<br>2017 |
|            |   | • | Complaints and Serious Incidents<br>will be monitored against all nine<br>protected characteristics.  | Serious incidents as part of the investigation may determine if any concerns associated with the event however no formal monitoring in place.  | March 2018       |

| EDS2 Goal:  | EDS2 Outcome:  | Proposed actions:   | Progress:  | By:        |
|---|--|---|--|------------|
|   | 1.5 Screening,<br>vaccination and<br>other health<br>promotion service   | Improve patient information to<br>ensure people are aware of these<br>services and are able to access<br>them.  | Working with Healthwatch to get access to their patient readers' panels to review and improve patient information                                    | March 2018 |
|   | reach and benefit<br>all local<br>communities.   | Include subtitles on any new public information videos  | No new public information videos produced.   | March 2018 |
| 2.<br>Improved<br>patient<br>access and<br>experience | 2.1 People, carers<br>and communities<br>can readily access<br>hospital,<br>community health<br>or primary care<br>services and<br>should not be<br>denied access on<br>unreasonable<br>grounds. | We will carry out training in sight loss<br>awareness in our community<br>hospitals.  | Not delivered to date, new role of Head of Learning<br>currently being advertised who will pick up<br>responsibility of all learning moving forward. | March 2018 |
|   |  | The Trust will work closely with its<br>commissioners to ensure its services<br>are designed and delivered closest<br>to the point of need and continue to<br>support the principle of care closest<br>to home. |  | March 2018 |

| EDS2 Goal:  | EDS2 Outcome:  | Proposed actions:   | Progress:  | By:        |  |
|---|--|---|--|------------|--|
|   | 2.2 People are<br>informed and<br>supported to be as<br>involved as they | • We will continue to provide interpretation and translation support to patients and their families.                                  | Interpretation and translation service available to support a range of patient communication needs including other languages, BSL and braille.   | June 2018  |  |
|   | wish to be in<br>decisions about<br>their care.                          | • The Trust will continue to improve<br>and review the information it gives to<br>patients to ensure it meets their<br>diverse needs. | Working with Healthwatch to get access to their patient readers' panels to review and improve patient information  | June 2018  |  |
|   | 2.3 People report<br>positive<br>experiences of the<br>NHS.              | <ul> <li>Commission Community Mental<br/>Health Survey and progress action<br/>plan.</li> </ul>                                       | The survey was completed and the results presented<br>to the PPI Group. An action plan is in place to<br>undertake further work, to improve access to crisis<br>care and peer support.   | June 2018  |  |
|   |  | <ul> <li>Friends and Family Test</li> </ul>   | We have a new provider of the FFT data collection<br>software and some services have moved to bespoke<br>real-time FFT data collection. New posters have<br>been designed which services are displaying in their<br>public areas and using for learning. | Monthly    |  |
| 2.4 People's<br>complaints about<br>services are<br>handled |  | Contribute to Healthwatch reports   | The Trust has contributed to Healthwatch reports by responding to all information requests, continuing to meet with Healthwatch representatives and ensuring Healthwatch has a seat at our PPI Group and other relevant groups.                          | As needed. |  |
|   | complaints about services are  | • The Trust will carry out a survey of complainants in 2017 to obtain their feedback about the complaints process.                    |  | April 2018 |  |

| EDS2 Goal:  | EDS2 Outcome:   | Proposed actions:   | Progress:   | By:                                  |
|---|---|---|---|--------------------------------------|
|   | respectfully and efficiently.   | <ul> <li>The Trust will provide its PALS and<br/>Complaints leaflets in British Sign<br/>Language on its website.</li> </ul>  |   | April 2018                           |
| Empowere<br>d, engaged<br>and well-<br>supported<br>staff | 3.1 Fair NHS<br>recruitment and<br>selection<br>processes lead to<br>a more<br>representative<br>workforce at all<br>levels.  | <ul> <li>Complete a review of our existing<br/>Recruitment and Selection Policy.</li> <li>Review existing recruitment and<br/>selection training arrangements.</li> </ul> | A full review of recruitment was carried out during<br>2017 with improvements made to process and<br>training delivered to managers as part of roll out of<br>trac.<br>Policy to be reviewed as part of joint working across<br>alliance. | December<br>2017<br>December<br>2017 |
|   | 3.2 The NHS is<br>committed to equal<br>pay for work of<br>equal value and<br>expects employers<br>to use equal pay<br>audits to help fulfil<br>their legal<br>obligations. | <ul> <li>Collect, analyse and publish our gender pay position.</li> </ul>   | 2017 / 2018 gender pay reporting complete.  | April 2018                           |
|   | 3.3 Training and<br>development<br>opportunities are<br>taken up and<br>positively<br>evaluated by the  | <ul> <li>Conduct a review of our existing<br/>appraisal processes with a particular<br/>emphasis on the quality of<br/>experience.</li> </ul>                             | Full review of appraisal process and non-mandatory<br>training being carried out jointly with Taunton and<br>Somerset NHS Foundation Trust to be completed by<br>January 2019   | April 2018                           |
|   | staff.  | <ul> <li>Conduct a review of our non-<br/>mandatory training offer</li> </ul>   |   | April 2018                           |

| EDS2 Goal:   | EDS2 Outcome:   | Proposed actions:   | Progress:   | By:                         |
|--|---|---|---|-----------------------------|
|  | 3.4 When at work,<br>staff are free from<br>abuse,<br>harassment,<br>bullying and<br>violence from any<br>source. | • We will review all existing measures<br>/ practices in place to protect staff<br>from harassment / bullying or abuse<br>from patients, relatives or the public<br>and ensure that any emerging issues<br>are addressed.   | Reviewed approach to freedom to speak up guardians in place.  | April 2018                  |
| 3.5 Flexible<br>working options<br>are available to all<br>staff consistent<br>with the needs of<br>the service and the<br>way people lead<br>their lives. |   | <ul> <li>Monitor leavers questionnaire data to<br/>assess whether any groups are<br/>experiencing adverse impact in<br/>respect of attempts to secure flexible<br/>working.</li> </ul>  | Revised leavers survey process being implemented as part of the people strategy.  | April 2018                  |
|  | 3.6 Staff report<br>positive<br>experiences of<br>membership of the<br>workforce.                                 | <ul> <li>We will work to develop a Health and<br/>Wellbeing strategy, with a proactive<br/>focus on the management of staff<br/>health and wellbeing.</li> <li>We will continue to collect and<br/>monitor feedback from colleagues<br/>via Staff Friends and Family and<br/>other surveys in respect of how it<br/>feels to work at the Trust</li> </ul> | Wellbeing strategy developed and in place.<br>Friends and family process re-launched as part of the<br>new pulse check process. | December<br>2017<br>Ongoing |

| EDS2 Goal:                                  | EDS2 Outcome:   | Proposed actions:   | Progress:  | By:        |
|---|---|---|--|------------|
| 4. Inclusive<br>leadership<br>at all levels | 4.1 Board and<br>senior leaders<br>routinely<br>demonstrate their<br>commitment to<br>promoting equality<br>within and beyond<br>their organisations.   | Introduce a new programme of multi-<br>disciplinary development.  | Board development day commissioned for Autumn 2018                                 | April 2018 |
|   | <ul> <li>4.2 Papers that come before the Board and other major Committees identify equality-related impacts including risks, and say how these risks are to be managed.</li> <li>Monitor inclusion of equality impact assessments as part of Board paper submissions</li> </ul> |   | Board papers are monitored to assure EIA carried out appropriately where relevant. | March 2018 |
|   | 4.3 Middle<br>managers and<br>other line<br>managers support<br>their staff to work<br>in culturally<br>competent ways<br>within a work<br>environment free<br>from<br>discrimination.  | Conduct a comprehensive analysis<br>of the Staff Survey results by gender,<br>disability and ethnic origin. | To be picked up as part of the improvement project                                 | April 2018 |

## Key to RAG Rating:

| Green | Green | Achieved  |
|-------|-------|---|
| Green | Amber | Work is in progress in line with target date                            |
| Amber | Amber | Initial work has commenced appropriate to target date                   |
| Amber | Red   | Minimal or no work has commenced in this area due to the long lead time |
| Red   | Red   | Actions have not been achieved by the target date                       |
| Grey  | Grey  | Responsibility allocated to agencies outside of the Trust               |

## Taunton and Somerset NHS Foundation Trust Equality Delivery System 2 Action Plan Reviewed and updated July 2018

| Goal                            | Number | Description of<br>outcome  | RAG rating | Sources of evidence/assurance  | Further actions required/<br>Priorities   | Time-<br>frame |
|---------------------------------|--------|--|------------|--|---|----------------|
| 1. Better<br>health<br>outcomes | 1.1    | Services are<br>commissioned,<br>procured, designed<br>& delivered to meet<br>the health needs of<br>the communities | Developing | The Trust delivers services commissioned mostly by Somerset<br>CCG and by NHS England. These organisations design services<br>according to evidence of local/national community need.<br>Service provision by the Trust is responsive both to community<br>need and patient feedback. For example, all capital schemes<br>(new buildings, changes to patient environment etc) are subject<br>to extensive consultation with users including, where<br>appropriate, patient representation on working groups etc. Care<br>plans for patients note individual characteristics, with care<br>delivery altered as a result.<br>There are a range of measures in place on site reflective of the<br>needs of a diverse population (e.g. prayer facilities, Kosher/Halal<br>meals, accessible buildings etc).<br>Where services are procured by the Trust, suppliers are selected<br>as per clear rules, and are required to adhere to strict standards<br>including those related to Equality and Diversity.<br>The Trust's service delivery is ultimately accountable to its Board<br>of Governors, drawn from the extensive membership which is a<br>body which is diverse and representative of the Somerset<br>community.<br>Business cases and other cases for investment specifically ask<br>for details on the E&D impact of proposals, and their impact on<br>those with one of the protected characteristics<br>Introduction of the LGBTQ group. | We will review approved<br>business cases to make sure<br>that any service changes<br>where E&D impacts are<br>identified have these<br>mitigated, with review as part<br>of ongoing benefits<br>realisation work | April<br>2019  |
|                                 | 1.2    | Individual people's<br>health needs are<br>assessed and met<br>in appropriate and<br>effective ways                  | Developing | Range of evidence available relating to provision of<br>individualised care. This is against primarily against protected<br>characteristics age, disability, religion and belief and race.<br>Care and risk documentation includes individual patient plans.   | Ongoing specific work plans.<br>Developing the collection of<br>information against the<br>protected characteristics.   | April<br>2018  |

| 1.3 | Transitions from<br>one service to the<br>other, for people on<br>care pathways, are<br>make smoothly with<br>everyone well-<br>informed | Developing | <ul> <li>Examples of work plans for Dementia, Vulnerable Adults and<br/>Children and Learning Disability.</li> <li>Individual passports evidence of reasonable adjustments.</li> <li>Chaplaincy service is multi-faith.</li> <li>Care after Death Policy<br/>Includes meeting religious/faith/personal considerations.</li> <li>Evidence of external assurance including CQC inspection during<br/>2016 which was particularly complimentary around how patients<br/>with learning disabilities are supported.</li> <li>Assurance reports via QAC which sets out the detailed<br/>references within the CQC inspection.</li> <li>Assurance report to QAC in April 2017 which was rated as blue.</li> <li>Monitoring of satisfaction of complaint handling, patient<br/>satisfaction surveys, Carers survey (includes protected<br/>characteristics)</li> <li>Plan of work overseen by Discharge group- Lead Operational<br/>ADN.</li> <li>Pathways and transitions evidence:</li> <li>Somerset Patient Centred Care Project</li> <li>End of Life</li> <li>Discharge</li> <li>Children's services</li> <li>Maternity Services</li> </ul> | On-going work plans   |  |
|-----|--|------------|---|---|--|
| 1.4 | When people use<br>NHS services their<br>safety is prioritised<br>and they are free<br>from mistakes,<br>mistreatment and<br>abuse       | Developing | Sign up to Safety Work Programme covers the quality of patient<br>care and services and will be refocused via the patient safety<br>improvement board from 2017/2018.<br>Safeguarding programme of work.  | Consider how groups are<br>considering their work from<br>the perspective of the various<br>protected groups. |  |

|  | 1.5 | Screening,   | Developing | <ul> <li>Work programme in place around safety of patients with mental health needs including training for front line colleagues and those areas that are high risk.</li> <li>Staff survey 2017 working group.</li> <li>Freedom to speak up guardians in place from 2017.</li> <li>Learning from serious incident review group so that mistakes aren't repeated.</li> <li>The Trust is not directly responsible for the provision of most</li> </ul>   | Specific Equality and  | RB            |
|--|-----|--|------------|--|--|---------------|
|  |     | vaccination and<br>other health<br>promotion services<br>reach and benefit<br>all local<br>communities   | 2010.0pm.g | screening, vaccination and health promotion services (which are,<br>in the main, provided at Primary Care / public health level).<br>However, where such activities are provided by the Trust, the<br>needs of the whole community are borne in mind. Evidence<br>includes the delivery of screening services from locations across<br>the County to benefit those for whom travel is more difficult, and<br>the provision of services at times to suit diverse needs.   | Diversity assessment of all<br>such services delivered /<br>planned to be delivered by<br>the Trust                                |               |
| 2. Improved<br>patient<br>access &<br>experience | 2.1 | People, carers and<br>communities can<br>readily access<br>hospital, community<br>health or primary<br>care services and<br>should not be<br>denied access on<br>unreasonable<br>grounds | Developing | <ul> <li>Achieving on the basis of providing services as per commissioning requirements.</li> <li>Provision of Translation and Interpretation services.</li> <li>Developing provision of information in other languages, and formats.</li> <li>Core information available in different languages and formats.</li> <li>Ability to develop specific individualised plans</li> <li>Patient environment is accessible for those with disabilities, managed through the hospital environment committee.</li> <li>Patient facilities on-site reflect diverse needs e.g. dietary / prayer facilities</li> <li>Accessible Information Standard work.</li> </ul> | Quarterly review and<br>monitoring<br>Priority area for further work<br>around provision of<br>information in different<br>formats |               |
|  | 2.2 | People are informed and  | Developing | Measured through the inpatient survey  | Agree reporting for this measure.  | April<br>2019 |

|  |     | supported to be as<br>involved as they<br>wish to be in<br>decisions about<br>their care   |            |   | Identify any E&D related reporting.   |               |
|--|-----|--|------------|---|---|---------------|
|  | 2.3 | People report<br>positive<br>experiences of the<br>NHS   | Developing | Feedback strategy and monitored via QAC. Report available.<br>Developing relationships with key partners such as Alzheimer's<br>Society, Compass Carers, Taunton Deaf Club, Foxes learning<br>Disability.<br>"Reflections of Me" programme of work<br>Friends and family feedback.<br>Health watch feedback | Further work carers feedback<br>and making feedback<br>methods accessible in<br>different formats |               |
|  | 2.4 | People's complaints<br>about services are<br>handled respectfully<br>and efficiently   | Developing | Complaints plan of work.<br>Reported via QAC and external peer review audit.<br>Questionnaire to all complainants seeking feedback. Monitoring<br>of satisfaction of complaint handling (includes protected<br>characteristics)<br>CQC inspection report<br>QAC report available<br>CCG monitor complaints  | On-going work around the protected characteristics.   |               |
| 3. A<br>representati<br>ve &<br>supported<br>workforce | 3.1 | Fair NHS<br>recruitment and<br>selections<br>processes lead to a<br>more representative<br>workforce at all<br>levels                    | Developing | All current recruitment processes are screened to ensure<br>protected characteristics not identified. Recruitment policy<br>updated 2017 to ensure fair processes.  | Review of training offered to<br>recruiters on bias and<br>discrimination required                | April<br>2019 |
|  | 3.2 | The NHS is<br>committed to equal<br>pay for work of<br>equal value and<br>expects employers<br>to use equal pay<br>audits to help fulfil | Achieved   | National terms and conditions in place for job evaluation<br>Agenda for change processes in place<br>Gender pay reporting complete for 2017/2018  | Utilise improvement<br>methodology to approach to<br>gender pay reporting moving<br>forward       | March<br>2019 |

|    | their legal obligations   |                    |  |   |                                    |
|----|---|--------------------|--|---|------------------------------------|
| 3. | 3.3 Training and<br>development<br>opportunities are<br>taken up and<br>positively evaluated<br>by staff  | Developing         | Evidence is completed at the end of each training session by<br>attendees<br>CQC report from 2016 identified equality and diversity training<br>delivered and recognised by colleagues.<br>2016 and 2017 NHS staff survey results.   | More detailed and relevant<br>information relating to E&D<br>could be obtained through<br>running focus groups and<br>adding relevant E&D<br>questions onto the evaluation<br>feedback we give out<br>Review whether new learning<br>management system can<br>offer any additional support<br>for evaluation of training. | 2019/20<br>20<br>financial<br>year |
| 3. | 3.4 When at work, staff<br>are free from<br>abuse, harassment,<br>bullying and<br>violence from any<br>source   | Under<br>developed | National staff survey 2016 & 2017 results  | High Priority<br>2016 & 2017 survey findings<br>evidence an improvement yet<br>remain worse than desired<br>BME Champion role<br>introduced   | Ongoing                            |
| 3. | 5.5 Flexible working<br>options are<br>available to all staff<br>consistent with the<br>needs of the<br>service and the way<br>people lead their<br>lives | Developing         | Flexible working policy in place for staff, this is used significantly<br>across the hospital.<br>e-rostering & safe staffing KPI's<br>2016 staff survey demonstrates 53% white positive response to<br>flexible working and 61% positive response for BME. 2017<br>findings show 53% white positive and 67% BME positive about<br>flexible working patterns. 51% men and 55% women. 49%<br>disabled and 55% non-disabled. | Review of flexible working<br>policy to be carried out as<br>part of alliance   | Sept<br>2019                       |
| 3. | 3.6 Staff report positive<br>experiences of their<br>membership of the<br>workforce   | Developing         | National Staff Survey results         Pulse check information         Friends and Family information.  | Lack of information broken<br>down into protected<br>characteristics  |                                    |

|                            |     |   |            |   | Overseas nursing forum<br>being developed  |                   |
|----------------------------|-----|---|------------|---|--|-------------------|
| 4. Inclusive<br>Leadership | 4.1 | Boards and senior<br>leaders routinely<br>demonstrate their<br>commitment to<br>promoting equality<br>within and beyond<br>their organisations.                               | Developing | The members of the Board receive papers and analyse their<br>impact on matters pertaining to equality and diversity on a<br>regular basis.<br>The equality and diversity portfolio is the ultimate responsibility<br>of the director of people for colleagues.<br>Outside of the Trust, members of the Board participate in county-<br>wide groups where service re-designs are discussed in the<br>context of the needs of all members of the community. In<br>addition, there are numerous community events where the Trust<br>is present in the form of members of the Board and staff,<br>ensuring that the services provided by the Trust are welcoming<br>to all sections of the community and responsive to the needs of<br>all members of it.<br>The Board are Involved in outcome based commissioning<br>discussions, patient pathways and outcomes. | Board development event on<br>how they met the duty of due<br>regard<br>Reverse mentoring to be<br>implemented | Decemb<br>er 2018 |
|                            | 4.2 | Papers that come<br>before Board and<br>their major<br>committees identify<br>equality-related<br>impacts including<br>risks, and say how<br>these risks are to<br>be managed | Developing | There is now a review of equality impact into the review of papers in advance of circulation for Committees   | Review effectiveness of this new process   |                   |
