

Support for unpaid carers

If the person you care for needs to be admitted to hospital, our involvement coordinator can offer you support and advice.

We can help to:

Keep you
involved in
their care

Be a link
between the
ward and
carer

Give you
personalised
advice and
support

Offer a
listening ear
in a stressful
time

Direct you to
practical support
from other
organisations

An unpaid carer is generally defined as a person of any age who provides unpaid help and support to a relative, friend or neighbour who cannot manage to live independently without the carer's help.
