Band A Dentist

Dorset

Primary Care Dental Service

Special Care Dentistry, Dorset and Somerset

Hello and Welcome

Thank you for your interest in our
Primary Care Dental Service for
Dorset and Somerset - part of
Somerset NHS Foundation Trust.

Our teams are here to deliver great care and high quality services for our cohort of special care patients. We are all particularly lucky to be able to do this in the most beautiful counties of Dorset and Somerset.

In joining us you will be part of, and be supported by, a dedicated and passionate workforce with the patient at the heart of everything we do.

We wish you much success in your application and look forward to welcoming you to our service.

*Zillah Morris, Group Service Manager and Daniel Rawles, Deputy Service Manager,
Primary Care Dental Service & James Coulston, Consultant Vascular Surgeon & Associate
Medical Director*

Why Somerset NHS Foundation Trust?

Somerset NHS Foundation Trust runs acute hospital services, community services, mental health and learning disability services, and a quarter of Somerset's GP practices. It runs services from two acute hospitals – Musgrove Park Hospital in Taunton, Yeovil Hospital in Yeovil – services in the community, services from the 13 community hospitals in Somerset, a range of mental health and learning disability services and Symphony Healthcare Services which runs a quarter of GP practices in Somerset. Our Primary Care Dental Service is delivered across Somerset and Dorset.

Our trust is the result of two mergers. The first merger in April 2020, between Taunton and Somerset NHS Foundation Trust and Somerset Partnership NHS Foundation Trust, brought together acute services, community service and mental health and learning disability services. The second merger brought together acute services from both acute hospitals in the county and a large proportion of the county's GP practices under Symphony Healthcare Services.

We believe that the broad range of services that we offer within one organisation put us in a better position to provide mental and physical health services for our population, helping people to enjoy healthier lives with improved equitable access to the specialist care and treatment they need, when they need it.

We are commissioned by the Somerset Integrated Care Board (ICB) and the Dorset Integrated Care Board (ICB), and work with stakeholders such as Local Dental Committees in Dorset and Somerset, the South West Managed Clinical Networks (MCNs), general dental practitioners, social care and the voluntary sector.

**Band A Dentist to join our Dorset team
Permanent contract - salaried Services**

We would like to invite you to get in touch to discuss how this opportunity will support you and your career. We welcome informal chats or visits prior to applicant – visit one of our clinics and meet the teams.

In summary:

- Dentists are a vital and valued part of the work we achieve in community and Special Care Dentistry. You will work amongst other Band A dentists, Band B Senior Dentist and Specialists, being supported in your day to day role by our dental nurses and business administration and reception team colleagues
- All our dentists are important to support clinic work, including domiciliary or residential care settings, hospital work where trained and experienced as well as projects such as epidemiology in local schools
- You will be helping to meet our patients' needs with any additional or extended skills support, for example sedation work and general anaesthetic work in our local hospitals with multidisciplinary team support.

Some of your main responsibilities with our patients will include:

- To provide oral health care for patients (adults and children) with disabilities and Additional Needs including those who are medically compromised.
- To provide comprehensive high quality oral healthcare under local anaesthesia and behaviour management and if competence appropriate also with sedation and general anaesthesia as required. To understand and demonstrate all aspects of pain and anxiety management particularly for patients with Additional Needs.
- To work collaboratively with primary and secondary care dental colleagues and other health and social care agencies to facilitate our patient centred service.
- To maintain up to date knowledge and skills on clinical techniques and their application to patient dental care.
- Recognise and assist with management of medical emergencies within the dental surgery and on domiciliary visits.
- To obtain informed consent to treatment and document in accordance with the Mental Capacity Act 2005 and Trust policies.
- To provide flexibility and assistance to the clinician and team you are working with and those within the service nearby

Opportunities:

- Wide variety of development opportunities - CPD support, training for post-graduate courses, stepping stone to broaden your community and special care dental experiences
- Best Practice Groups throughout the year to meet with service wide colleagues, share learning and updates in practice
- Clinical supervision
- Projects - Examples are Epidemiology in schools and clinical audits
- Leadership and succession planning opportunities
- A real focus on your Wellbeing as part of a large supportive organisation.
