

# GREEN

## Plan 2022-2025

Our Green Plan aims to achieve the national target of net zero carbon by 2040 and improve sustainability for our colleagues, patients.

### How are we going to achieve this?

Make our hospital sites resilient to the effects of climate change

Work with our supply chain to reduce single use plastics

Reduce food waste and provide sustainable catering

Reduce the quantity of waste we produce

Harness digital technology to reduce carbon

Reduce CO<sub>2</sub> emissions associated with medicines like anaesthetic gases and inhalers

Reduce our impact on local air quality as a result of travel and transport

Create a green whole organisation approach

Achieve net zero carbon for all energy use in our buildings
